

Notice of Construction

Tatham Engineering is providing the following information and details on behalf of the Town of Innisfil to residents and property owners regarding the Alcona Sewer and Drainage Improvements project.

Closure Location & Objective

Residents and business owners in Alcona and the surrounding area are advised that the Town of Innisfil is conducting a complete road closure along Goodfellow Avenue and Bonsecour Crescent.

The primary objective of this closure is the removal and replacement of the pavement structure along Goodfellow Avenue and Bonsecour Crescent.

Closure Details

The scope of work includes the following:

- excavation of existing road
- grading along Goodfellow Avenue and Bonsecour Crescent
- installation of concrete curb and gutter
- asphalt paving and restoration of disturbed areas

Closure Schedule

Dufferin Construction Company is scheduled to begin the road closure on Thursday, October 16th, 2025, and expecting to remove the closure on Friday, November 28th, 2025.

Please note this schedule is subject to change based on several factors including inclement weather, unforeseen conditions, additional work required, the contractor's ability, etc. Tatham Engineering and the Town of Innisfil will endeavor to keep residents aware of major schedule changes, should they arise.

Site Safety

Construction involves the use of heavy equipment and the unavoidable creation of obstacles and possible hazards (excavations, etc.).

These circumstances are often attractive to children, and as such, we ask that you caution your children to stay clear of the working area. If they must walk by the construction activity, small children should be accompanied by an adult.

The contractor is required to conduct the work in a safe manner, including fencing of deep excavations, if required. We ask that you take extra caution during the construction period to ensure everyone's safety.

Property Access

Goodfellow Avenue and Bonsecour Crescent will be accessible to local traffic and emergency vehicles only.

Emergency access will be maintained at all times.

Project Contacts

If you have any questions or concerns of a general nature, please contact Tatham Engineering.
