We strive to ensure inclusivity and accessibility for all parkgoers. You can borrow Sierra's Chair, a floating beach wheelchair, for daily use. Visit innisfil.ca/beachwheelchair to make a reservation at least 24 hours in advance so we can ensure it's available for you. Water Safety

Whether you're boating, swimming, or enjoying water sports, it's crucial to follow safety guidelines. The beaches are unsupervised, please be responsible. Here are some important tips:

- → Life jackets = life savers: Safe boating begins with proper life jackets or personal floatation devices. Adults and children should always wear life jackets when riding in a boat. Young children and weak swimmers should wear life jackets when they are around water.
- → Supervise children: A responsible adult should always supervise children when swimming, even in shallow water.
- → Water quality: Simcoe Muskoka
 District Health Unit monitors beach
 water quality at the park. Testing
 happens every week during the
 summer and results are posted at
 smdhu.org/beaches and on-site.
 Water quality can change depending
 on the weather and other conditions.
 Make an informed decision about
 beach water quality before swimming.
 Never swallow beach water no matter
 how clear the water looks!
